Effective 10/15/2014, Xerox Will Accept Only 02/12 Version of CMS-1500 Paper Claim Form

Effective October 15th, 2014, Alaska Medicaid will only accept paper professional claims submitted on the revised 02/12 version of the CMS-1500 paper claim form. As of this date, the 08/05 version will no longer be accepted. As always, providers are encouraged to submit claims electronically or through the web portal.

Questions? Please contact Provider Inquiry at 907.644.6800, option 1, 1, or toll-free in Alaska at 800.770.5650, option 1, 1, 1.

Institutional Remittance Advice Has Changed!

Institutional providers may have noticed that their remittance advice (RA) formatting has changed. These changes have reduced the page count of the RA and made it significantly easier to read.

Look for professional and dental RA changes to be implemented in the coming weeks.

Tramadol Coverage Changes

On August 18th, 2014 the Drug Enforcement Administration (DEA) implemented changes to [21 CFR 1308](#) which moved tramadol from a non-controlled prescription drug to a schedule IV controlled substance (DEA notice [here](#); final rule [here](#)). The scheduling of tramadol as a controlled substance has not eliminated coverage for tramadol as an outpatient drug for Alaska Medicaid; however, the scheduling of tramadol may impact pharmacy claims processing. Claims submitted to Alaska Medicaid for tramadol must comply with federal regulations which allow schedule IV controlled substances to be refilled for up to six months after the date prescribed, and may be refilled up to five times within six months after the date the prescription was issued if refills were ordered by the prescriber ([21 CFR 1306.22](#)). Claims for tramadol submitted to Alaska Medicaid that exceed the fill, or refill, limit for schedule IV controlled substances will be denied.

PERM FY14 Update: Ongoing Record Requests

On 08/01/14, PERM contractor A+ Solutions began contacting providers on behalf of CMS to request fee for service claim records that have been randomly selected for review.

A+ Solutions will call selected providers to explain the PERM process, including the authority by which CMS is collecting records, and to identify the appropriate point of contact for each provider.

Providers will have 75 calendar days from the date of request to submit requested records to A+ Solutions.

If you have questions about PERM, please contact Kristina Walters at 907.334.2413 or kristina.walters@alaska.gov.

Connections 2014 Care Coordinator Conference

Registration for the Connections 2014 Care Coordinator Conference is now open. Connections 2014 is a state wide conference for currently certified care coordinators working with the Medicaid Home and Community Based Waiver (HCBW) in Alaska. It offers an opportunity for care coordinators to learn, meet other practitioners, and get connection with resources and information related to HCBW. The conference will take place on October 9 and 10 at the Millennium Alaskan Hotel in Anchorage.

To register visit,
<https://www.eventbrite.com/e/connections-2014-care-coordinator-conference-registration-12568766519/>

Training information will be available to providers following QHPP registration.

2014 Brain Institute

Alaska Brain Injury Network will hold the 3rd annual Alaska Brain Institute November 5 – 7, 2014. The training focus for this event will be practical solutions for assessing and treating concussion and mild traumatic brain injury. Applications to attend will be available August 18, 2014. For more details please visit <http://www.alaskabraininjury.net>.

Alaska Health Care Commission
