

Comagine Health's Spring Provider Training and Updates: Register to Attend Training Via Zoom!

Comagine Health is providing training for a process change to the intra-facility transfers that will go into effect on July 1, 2021 for Physical Rehabilitation Transfer Reviews. An intra-facility transfer is a transfer from a medical/surgical unit in a facility to a physical rehabilitation (rehab) unit within the same facility. A new review will still be required for the rehab admission; however, a new authorization number will not be required. Once approved, the internal transfer will remain on the original acute inpatient episode of care until discharge. Both the acute care and the physical rehabilitation admission will have the same authorization number. A review is not required for transfers to other types of medical/surgical units (e.g., ICU, CCU) within the same facility.

Refresher training sessions will also be provided for the 3-Day Benchmark Assessment, AK Imaging Assessment "B", Prior Authorizations and Appeals.

Please plan to attend one of the available training sessions to learn more.

- **June 15, 2021** - Assessments, Prior Authorizations and Appeal training - 10:00 am to 11:00 am AKST
 - Register in advance for this training:
