## Updated Mental Health Services for FQHC and RHC

Effective January 1, 2013

There has been a significant change to mental health services CPT procedure codes effective January 1, 2013.

Below is an updated table for page I-3 of the Federally Qualified Health Center (FQHC) / Rural Health Clinic (RHC) Services Provider Billing Manual:

[http://medicaidalaska.com/Downloads/Providers/BillingManual\\_FQHC\\_RHC.pdf](http://medicaidalaska.com/Downloads/Providers/BillingManual_FQHC_RHC.pdf)

Mental health services are reimbursed at the provider's encounter rate as a separate encounter from core services. The department will pay a FQHC or RHC for the following mental health services, if a psychologist or licensed clinical social worker, acting within the scope of that individual's license, provides those services to a Medicaid-eligible patient. Separate enrollment of psychologists and licensed clinical social workers will no longer be required. As they are employees or contractors of the FQHC/RHC, their services are billed under the FQHC/RHC Medicaid provider number.

The following codes (Table I-1) are the only allowable mental health codes to be paid at the encounter rate for the FQHC/RHC. Mental health service limits will not apply:
