### Remittance Advice (RA) Message

Title: **Golden Ticket Pilot Project Ending December 31, 2019**

Issue Date: 09/25/2019

Run Length: 13 weeks

Provider Type(s): All

Message: In December 2018, specified providers were notified that they were chosen to participate in a pilot project that offered an exemption from obtaining service authorizations. On December 31, 2019, the project will end and will not be renewed. G-authorization numbers issued to selected providers will continue to be valid for dates of service through December 31, 2019. For dates of service on and after January 1, 2020, please resume submission of prior authorization requests to the appropriate entity (e.g., Conduent State Healthcare, Comagine Health, formerly known as Qualis Health). If you are unsure where to submit a prior authorization request, please refer to your [provider billing manual](#) (<http://manuals.medicaidalaska.com>).
