Remittance Advice (RA) Message

Title: HPV Vaccine Coverage Change

Issue Date: 03/31/2014

Run Length: 12 weeks

Provider Type(s): 008, 020, 021, 033, 034, 055

Message: The HPV vaccine product is now available for free to providers through the Division of Public Health for all Medicaid-eligible children under the age of 19. Effective July 1st, 2014, Alaska Medicaid will no longer reimburse for this product when administered to a recipient under the age of 19. This change does not affect the reimbursement for the administration of the vaccine; providers may still be reimbursed for the administration of the HPV vaccine.
