Message: Effective 7/1/19, providers may begin using and submitting the new Alaska Medicaid Travel Voucher (AK-04) form for arranging and billing patient travel. Beginning 6/17/19, the new AK-04 forms will be available for request and distribution to Alaska Medicaid enrolled providers that are authorized to request patient travel. During the transition period, providers may use the new (5/19) AK-04 or continue to use existing supplies of the (1/18) AK-04 form. However, on 10/1/19, the (1/18) AK-04 version will no longer be accepted by Alaska Medicaid.

Providers will receive future guidance on form disposal for any existing supplies that are not exhausted during the transition period. Additionally, provider training sessions will be offered on the use of the new AK-04 and associated policies changes beginning 6/5/19.
