Remittance Advice (RA) Message

Title: **State of Alaska's Declaration of Public Health Disaster Emergency**

Issue Date: 02/19/2021

Run Length: 6 weeks

Provider Type(s): All

Message: As of 02/14/2021, the State of Alaska's Declaration of Public Health Disaster Emergency (DD), which was in place to manage its response to COVID-19, expired. While certain authorities under the DD have expired, the Department of Health and Social Services (DHSS) is making every effort to minimize potential disruption to interactions between Alaskans and DHSS as we transition out of the DD. Visit [State of Alaska's Declaration of Public Health Disaster Emergency](#) for details.
