Remittance Advice (RA) Message

Title: **Outpatient and Physician-Administered Drugs (Medical Pharmacy): Claims Adjudication**

Date: 02/01/2022

Run Length: 6 weeks

Provider Type(s): All

Message: Effective July 1, 2021, Alaska Medicaid Health Enterprise transitioned from edit monitoring to prospective Medical Pharmacy claims adjudication validation. In October, claims posting adjudication errors for NDC-to-HCPCS relationship inconsistencies were temporarily shifted to allow for manual review prior to denial while additional enhancements to the NDC-to-HCPCS relationship crosswalk were made. Resuming February 2, 2022, claim lines posting EC 4731, 4735, 4741, 4745, 4752, 4753 will no longer be routed for manual review prior to denial. Billing guidance for medical pharmacy claims is available in the billing manuals. For questions or to schedule a one-on-one office hours appointment for claims assistance, please contact the state Pharmacy Services team at hcs_pharmacy@alaska.gov. Medical Pharmacy claims office hours are offered Tuesdays 1 – 3:30pm and Fridays Noon – 3:30pm Alaska time.
