Remittance Advice (RA) Message

Title: **ICD-10 Trading Partner Testing**

Issue Date: 07/22/2015

Run Length: 4 weeks

Provider Type(s): All

Message: The Centers for Medicare & Medicaid Services (CMS) requires all Medicaid trading partners to complete End-to-End testing for ICD-10 certification. Alaska Medicaid began trading partner (provider) testing on March 23, 2015 to validate the ICD-10 updates that have been made to their billing systems and Health Enterprise.

Providers submitting claims through a trading partner should communicate with their trading partners to verify appropriate End-to-End testing is being accomplished with Alaska Medicaid. Failure to successfully complete the required End-to-End testing will impact processing of claims with dates of service on and after October 1, 2015.

If you need assistance with testing or have any questions, please send an email to AK-ICD10-Support@xerox.com or call 855.744.8142 (toll free) or 907.644.8142.
