Remittance Advice (RA) Message

Title: **Telehealth Provider Training Available**

Issue Date: 04/14/2020

Run Length: 10 weeks

Provider Type(s): All

Message: During the COVID-19 public health emergency, Alaska Medicaid expanded the availability of services that can be provided via telehealth. Instructor-led training webinars addressing covered telehealth services and how to bill for those services are scheduled beginning on 04/16/2020 as one hour sessions. Each session will contain the same material and providers are asked to attend only once. For a full schedule of available training sessions, refer to the Temporary Expansion of Telehealth Services flyer available on the [Alaska Medicaid Learning Portal](#).
