Remittance Advice (RA) Message

Title: **Reminder: CDC Training for Nursing Facility Management and Staff**

Issue Date: 12/01/2020

Run Length: 6 weeks

Provider Type(s): 010

Message: As part of continued efforts to ensure the safety of residents and staff of Alaska's SNFs, DHSS is reminding administrators to ensure that all management and staff, both clinical and non-clinical, complete [CMS COVID Training](#). Developed in consultation with the CDC and released on 08/25/2020, this free training is divided into modules that include topics such as infection control, screening and surveillance, personal protective equipment (PPE) usage, disinfection of the facility, cohorting, and caring for individuals with dementia during a pandemic. Please visit [CMS COVID Training](#) to create an account and complete this important training.
