### Remittance Advice (RA) Message

Title: **EVV Deadline January 1, 2021**

Issue Date: 12/17/2020

Run Length: 6 weeks

Provider Type(s): 095

Message: The 21st Century Cures Act requires that providers of Medicaid Personal Care Services begin collecting data using an approved Electronic Visit Verification (EVV) system on January 1, 2021.

The Department of Health and Social Services has chosen Therap Services, LLC to provide EVV system and aggregator functionality. Providers may choose an alternate third-party EVV system that meets Cures Act requirements, if approved, to connect to Therap's aggregator.

Questions about EVV, Therap Services or connecting to the data aggregator for third party EVV systems? Visit [Therap Services, LLC](#).
