Remittance Advice (RA) Message

Title: **Vaccine Providers Prepare for March COVID-19 Shipments; Further Eligibility Clarifications Announced to Include More Alaskans**

Issue Date: 02/25/2021

Run Length: 6 weeks

Provider Type(s): All

Message: The Alaska Department of Health and Social Services (DHSS) announced on 02/24/2021 that Alaska will receive 60,760 first doses of state-allocated COVID-19 vaccine for the month of March. Additionally, 32,720 first doses have been allocated to the federal Indian Health Service (IHS). DHSS also announced three clarifications regarding who is currently eligible to receive the vaccine. State-allocated vaccine is now open to Phase 1a through Phase 1b, Tier 2. For more information, visit the [02/24/2021 DHSS press release](#).
