### Remittance Advice (RA) Message

Title: **Medicaid Provider Payment Delays Anticipated in February 2022**

Date: 01/21/2022

Run Length: 5 weeks

Provider Type(s): All

Message: The Alaska Dept. of Administration, Div. of Finance, announced that Alaska's accounting and financial management system is undergoing an upgrade and will be unavailable 02/16/2022 – 02/23/2022 to allow for a data conversion to occur. As a result, Medicaid provider payments scheduled for 02/16/2022 and 02/23/2022 may be delayed until 03/02/2022. This notice is provided so that you may plan accordingly, in the event payments are impacted by the outage.

Through this potential one or two-week delay of provider payment, Alaska Medicaid will remain fully compliant with [42 C.F.R. 447.45](#), which requires payment of 90 percent of claims within 30 days of receipt and 99 percent of claims within 90 days of receipt.
