Title: Policy Clarification for PROSE Devices

Issue Date: 9/06/2022

Run Length: 6 weeks

Provider Type(s): 035, 71, and 075

Provider Specialty: 018

Message: Alaska Medicaid has issued guidance for coverage of Prosthetic Replacement of the Ocular Surface Ecosystem (PROSE) devices. This document clarifies coverage of scleral cover shells and scleral contact lenses and provides information on coverage limitations, medical justification requirements, and coding guidance. The updated policy clarification is available [here](#).
